## **Policy of Disable Friendly Environment**

### **The Institution has Disabled - friendly, barrier free environment**

"Person with disability" refers to a person who has a long-term physical, mental, intellectual, or sensory impairment that, when combined with other factors like hurdles, prevents him from fully and equally participating in society. Invisible disabilities, such as psychological and emotional disorders, learning difficulties, heart disease, diabetes, asthma, arthritis, epilepsy, acquired brain injuries (ABI), acquired immune deficiency syndrome (AIDS), and others are also included.

On February 7, 1996, the Persons with Disabilities (Equal Opportunities, Protection of Rights, and Full Participation) Act, 1995, became law. It is an important step that guarantees that those with impairments have equal chances. Discrimination against people with physical and mental disabilities is prohibited by the Policy for Persons with Disabilities Right of Persons with Disabilities Act, 2016. The institution strives to make all of its administrations, programmes, and events accessible to both staff and students. To ensure that the benefits of grounds programmes, administrations, and other learning activities are available to the disabled, every member of the college's teaching and non-teaching staff is constantly prepared to lend a helping hand.

### **Facilities available for Teaching, Non-Teaching staff and Students**

- According to their needs, Two Wheeler provided for the teachers and staff.
- Staffs are trained to assist persons with disabilities, including persons with learning disabilities.
- To provide necessary guidance and counseling to disable persons. It is expected that the Institutes facilitate admission of disable persons in various courses.
- Create awareness about the needs of disabled persons, and other general issues concerning their learning.
